Back to the Pixel

Just upgraded from an iPhone 13 to the Pixel 10. I haven't had a Pixel since they first come out and I had the Pixel 2 as well. I'm loving the frost colour and so far so much happier than I was with my old iPhone since the latest updates

Cool, enjoy your new phone pixels they have a lot of special features and easily the best voice to typing accuracy out of any phone which is my favourite thing about pixel phones.
