PSA/Help: Canadian Pixel 10 Pro Fold Enrollment in Care+

Hi [r/GooglePixel](#), I'm hoping someone can help or tag a Community Manager because I'm stuck in a loop with Google Support regarding over \$2,000 device. The Issue: I purchased a Pixel 10 Pro Fold from Rogers (Canada) on Feb 4, 2026. I have been trying to enroll in Pixel Care+ (formerly Preferred Care) for the last 4 days but keep getting errors. What Support Said: After 4 days of emails and chatting with 5 different agents (who initially told me enrollment was open), I finally reached a Supervisor today. They admitted: "Currently there is a temporary pause for all third-party (3P) purchase Pixel Care+ plans." They expect the service to be available "in the coming month."

Wasnt It was suppose to open on Feb 1?

The Problem: My eligibility window is ticking. The Supervisor refused to email me that confirmation and refused to escalate the ticket further. They effectively told me to "just wait" with an uninsured foldable phone. My Ask: Has any other Canadian user successfully enrolled Pixel 10 Pro Fold in Care+ in 2026? Is there a way to force an escalation ticket since chat support ("Sanem") claimed they were the "last point of contact"?

I have all the chat scripts in email.

Case ID: [5-4991000040435] Thanks for any advice. I love the phone, but being treated like this after spending \$2k is incredibly frustrating.

Recent thread suggests Google has paused Pixel Care+ enrollment for devices purchased from a 3rd party.
